What Exactly IS Snacking?

Guiding Stars Definition

Snacking: purposeful, deliberate eating throughout the day to sustain energy between meals

Grazing: eating throughout the day with intent to satisfy hunger, often unconsciously, sometimes out of habit/situation

Treats: something that tastes good and is not eaten often

Snacking and Our Diets

¼ of daily calories come from snacks¹

“Snacking” associated with consuming foods high in saturated fat, sugar and sodium²

Type of snack more important than frequency³⁻⁴
